

## 18727 BRIDGE GUN COMPANY BLACK PRINCE SHOTGUN

18727

18727 BRIDGE GUN COMPANY BLACK PRINCE SHOTGUN

.410 gauge. The round barrel is 26" long and has about 80% of the original blue finish. Most of the wear to the finish of the barrel is on the top above the wooden forend. The receiver is nickel plated with about 70% of that plating remaining. The upper left side of the barrel is stamped "MADE IN U.S.A. 410 GA. CHOKE." The left side of the frame is stamped "BRIDGE GUN COMPANY" in block letters and "BLACK PRINCE" in Gothic style lettering. Both the forend and the buttstock are very dark in color. This appears to be original finish with about 10% wear to that finish. The buttplate is a grooved hard rubber plate which has about 80% coverage of white paint. Top lever opening. Action works perfectly. Overall condition is very good. Modern long gun rules apply.

Price: \$120.00
