NA3905 Ted Cash Brass Rifle/Pistol Capper

Brass rifle/pistol capper, polished. Styled from an illustration in *The Muzzleloading Caplock Rifle* by Ned Roberts. It is a 3 1/2" oval of either 18 gauge brass or German silver. Hold approximate 75 percussion caps and holds the caps remain in the correct, upright position. Press the release button on the side of the capper and gravity feeds a single cap into the spring steel jaws. Place the cap over the nipple and pull to the side. Has a handy carrying ring on the back of the capper.
